To,

The Commissioner, S. D.

Sir,

I have the honour to state that it has been represented to me that the time has come when a general revision of pay in the ----- Educational establishment of the State must <sup>be</sup> ~~have~~ undertaken if ~~efficiency~~ efficiency is to be maintained. It has been found necessary to revise the scale of pay in British schools and it is to be remembered that ----- the school masters in British service receive pensions whereas the ----- service of the Savanur State Educational Department is non-pensionable; the masters cannot be transferred about so much in the State.

2. The Divan, the Assistant Political Agent and the ----- Educational authorities were requested to report on the point so far as the finances of the State would permit and their final reports deal ----- favourably with the proposed revision, The Municipal authorities of ----- the Districts of Dharwar, Bijapur and Kanara have been consulted as ----- regards the pay and the strengths of the staffs under their control.

3. The accompanying statement, in which I have made and ----- intialled 4 alterations will show the present and the proposed pay of ----- the several teachers. The total extra cost that would fall on the ----- State, if these proposals are brought into force will be about ----- Rs. 1000 annually which is unavoidable in the interest of education ----- in the State, and will not in my opinion, tell too heavily on the ----- finances of the State.

4. From the remarks passed by the Government in sanctioning the Savanur Budget for 1910-11, it is apparent that Government ----- emphasise the desirability of the greatest caution being observed in any enhancement of "recurring charges". But looking to the fact that the State Educational Staff does not get pension, the proposed revision seems indispensably necessary; and Government in a later pronouncement seemed to be in favour of the reorganisation of the teaching ----- staff in Savanur State.

5. In case these general proposals do not meet with your ----- approval I would respectfully urge the necessity of your sanctioning a promotion of Rs. 5 to one Ganesh Ramchandra Airani, 1st Assistant -----

teacher Canarese school Sayamur on Rs. 20. He is a trained teacher --- and has got a third year 25 Rs. certificate. His case requires ----- special consideration and he may be promoted to Rs. 25 from 1st April 1909, as his brother teachers in British service have got promotion from that date.

6. The correspondence on the subject is enclosed for perusal and favour of return.

I have the honour to be,

Sir,

Your most obedient servant.

No. 432 of 1971  
June 1971

From,

Rajm. Vilhat. Mangalvedhika

Dist. B.A.

Dewan of Savanur

The Assistant Political Agent

Savanur, Tharwa.

Sir,

With reference to your No 309 of  
(12) June 1971 I have the honor to forward  
as desired:

(a) the correspondence regarding the  
constitution & pay of the school masters  
in the State Schools together with the final  
orders of the Commissioner marked  
A. in red.

(b) the correspondence regarding the  
appointment of a Head master to the  
Persian School, Savanur marked B. in  
red.

2) Another correspondence on the same  
subject forwarded to me by the Political Agent  
with his No 4556 of 15th Instt, through you

but despatched by mistake to this office  
direct, has been returned to you with this  
office No. 431 of today's date.

3) The Persian school was, once, more  
a religious school than a school teaching  
according to the standards in the British schools.  
The constitution of the school was changed &  
the standards revised in recent years. When  
the school was a religious school, the Head  
master was a mowlvi. He died about 4 years  
ago. An attempt was made to obtain the  
services of a trained Mahomedan Head master  
but in vain. The Educational Inspector proposed  
to a certain extent urged that the son of  
the late mowlvi (Head master) may be appointed  
as Head master. He was pronounced by the  
Deputy Educational Inspector to be unfit to teach  
the boys in a primary school. The Assistant  
Political Agent <sup>thought</sup> that the qualifications of  
this man as a teacher should be the <sup>first</sup> point  
to be considered & the question of appointing  
him as Head master was dropped.

4) As it was not possible to get a  
trained man as Head master for the school,  
the State had to do its best. The trained  
Hindu Head master who was in charge of the  
school, as a temporary measure, was  
transferred to the Kanarese School & the 1st  
Assistant in the Persian School was appointed  
Head master on Rs 20 per mensem with no  
increments, being a man of long experience  
& excellent character, as recommended by  
the Deputy Educational Inspector & the Inspector.  
Vide their letters Nos. 1173 of 28 September &  
10839 of 7 October 1910, enclosed in the papers.

The pay of the Head master has been  
fixed by the Commissioner, S.D. at Rs 20 rising  
to Rs 30, if a trained man is available.

— Such is briefly the history of the  
Persian School.

5) There can be no two opinions as to

the desirability of having trained masters for the schools. The question of funds has at the same time to be considered. It is doubtful if the State will be able to do what the District Local Board aided by Government grant was not until recently able to do.

6) There are at present 5 trained teachers in the Kaniyase school, Saran, of whom 4 have been regularly trained at the college & 1 has been certified by the Educational authorities as trained, under the rules of the Department, on account of his seniority & experience.

If the 1st Assistant is <sup>already forwarded to you</sup> allowed to resign, as per his application to the Local Board, there will be no difficulty in filling up his post by giving grade promotions to the other trained men.

There is no trained Headmaster in the Persian school. It would be a good thing if one can be lent by the Educational —

Inspector on Rs 20 rising to Rs 30, as  
per scale sanctioned by the Commissioner  
S.D. I understood that no mahomedan  
trained teacher is willing to accept service  
in the State in view of the prospects in  
the British Schools.

7) The papers enclosed may kindly  
be returned when done with.
